

If you're interested in a career in Green Infrastructure, this training could be a good option.

1. Organization providing the training:

Howard EcoWorks

2. Physical location where training occurs:

9770 Patuxent Woods Dr., Ste. 309, Columbia, MD 21046

3. Description of the training offered:

The Green Infrastructure training will provide participants with exposure to a wide range of employment opportunities and employers in the sector including environmental restoration, stormwater management, tree care, sustainable landscaping, and more. The five to six month paid training program is a mix of classroom, hands-on and on-the-job components and will take place one to two times a year.

4. Trainees have the opportunity to earn the following industry-recognized certifications:

- Chesapeake Bay Landscape Professional-Associate certificate
- OSHA 10 certification
- MD Responsible Persons certification
- First Aid/CPR certification

5. Am I eligible?

There are no requirements to be eligible.

6. What is the application process?

To apply to the program, contact Matt Hemler | mhemler@howardecoworks.org

7. How much can I expect to earn if I complete this program and obtain employment in the Green Infrastructure field?

Upon completion of the program, individuals should expect to make \$18.00 per hour.

8: How much do I have to pay for this program?

Participants will need steel-toed work boots. Stipends will be provided for those in need.

9. Where can I find more information?
