PY 13 MARYLAND SUMMER YOUTH CONNECTION PROGRAM GUIDELINES

The Maryland Summer Youth Connection Program will primarily serve youth who are 14 to 17 years old and who are low-income or experience a barrier. Some of the barriers may be, but are not limited to:

- · Deficient in basic literacy skills;
- School dropout;
- Homeless, runaway or foster child;
- Pregnant or parenting;
- Offender; or
- Require additional assistance to complete an educational program, or to secure and hold employment (including a youth with a disability).

The funds may be used to develop, match, monitor, and evaluate job placement of eligible youth. Additionally, these funds may be used as an incentive or match to encourage the private sector to hire eligible youth during the summer months.

A local area's allowable program costs can include staff costs for supervision and training, materials and supplies related to the work provided, wages paid to participants, and reasonable transportation costs as well as administrative costs. Administrative costs are not to exceed 10% of the total program cost. Participating youth must not be paid less than the state minimum wage of \$7.25 per hour, and must have a valid Work Permit on file.

Requirements

The Local Workforce Investment Areas must:

- > Develop meaningful and well-supervised work experiences for youth in the program,
- > Provide activities to enhance job skills and career-exposure,
- Submit a narrative to DLLR on the Grant Request Template (included with this mailing) detailing the local area's plan for summer activities, including a Statement of Planned Outcomes for the program. This statement will include targeted outcomes such as: number of job placements, number of program completers, and number of enhancement activities (resume development, interview techniques, career exposure, etc.),
- Complete a mid-summer report by August 1 updating the status of the program including number of job placements, number of program participants and status of funds expended, and
