The new/renewal application of becoming a Maryland approved testing facility will be reviewed according to the criteria set forth in COMAR Section 09.12.52.13.A to enable the Department to “...determine whether the applicant is specially qualified by reason of facilities, personnel, experience, and demonstrated reliability to investigate, test, and evaluate industrialized building units for compliance with these regulations, and to provide adequate follow-up and quality assurance services at the point of manufacture..”.

For renewal applications, all past performance records of being an Approved Testing Facility will also be reviewed and evaluated together with other information as listed below. Un-satisfactory performance for consecutive three years may result in being denied renewal application.

The information required by COMAR Section 09.12.52.13 of the Maryland Industrialized Building and Manufactured Home Regulations is as follows (supplement with additional sheets as necessary):

1. Names of officers and locations of offices:

2. Specification and description of services proposed to be furnished under the Regulation:

3. Description of qualifications of personnel and their responsibilities:

4. Summary of organization experience:

PHONE: 410-767-2227 | FAX: 410-767-2986 | www.labor.maryland.gov

5. Attach a general description of procedures and facilities to be used in proposed services, including evaluation of the model unit, factory follow-up, quality assurance, labeling of production units, and specific information to be furnished on or with labels.
6. Attach proposed procedure for correction from oversight regarding defective units.
7. Attach evidence of acceptance of your services by independent accrediting organizations and other jurisdictions.
